

CONTRACTOR/BIDDER QUALIFICATIONS TENNIS COURTS

General Contractor/Bidder – The bidder shall be engaged in the construction of Tennis Court Construction as a primary business enterprise and shall demonstrate the construction of 6 complete tennis court projects within the last 3 years. Financial statements for the previous three (3) years will be made available upon request.

Asphalt Paving Contractor – The contractor/sub-contractor, shall to the satisfaction of the design professional for this project, demonstrate a proven capability, specifically, in the construction of asphalt pavements for tennis court surfaces and have been in business, under the present name a minimum of five (5) years from the date of this bid. Upon request, financial statements for the previous five (5) years will be made available upon request.

All asphalt leveling and asphalt layers are to meet the tolerances of the American Sports Builders Association (ASBA) guidelines and the National Federation of State High School Association (NFSHSA) requirements. It shall be the contractor's responsibility to demonstrate his/her ability to achieve all requirements concerning cross slope, longitudinal slope, planarity and compaction as outlined in these association's manuals.

The contractor/sub-contractor shall construct all hot mix asphalt layers utilizing an asphalt paver that is equipped with a laser controlled screed board and automatic slope control. The laser level that is used to control this work shall be recently calibrated and certified as to the accuracy of the instrument.

The contractor/sub-contractor shall demonstrate that he has, satisfactorily, completed at least six (6) tennis court projects in the past three years, utilizing the laser and slope controls, including certifications for this work. Upon request, the contractor/sub-contractor shall be required to furnish a report, from an independent Professional Engineer or Licensed Surveyor certifying that the installed asphalt meets or exceeds the related guidelines and requirements for asphalt pavements relating to tennis courts.

Colorcoating Surfacing Contractor – The contractor/sub-contractor, shall to the satisfaction of the design professional for this project, demonstrate a proven capability, specifically, in the installation of Colorcoat Systems of the scope and type proposed for this project and demonstrate that they have been in business, under the present name, a minimum of five (5) years from the date of this bid. Upon request, financial statements for the five previous years shall be required.

Upon request and for evaluation of previous installations, the surfacing contractor/sub-contractor shall furnish the name, owner and contact person for every tennis court surface that they have installed in the three previous years.

***The contractor must be pre-qualified with the New Jersey DPMC classification C0-60 Athletic Courts/Fields/Tracks**

***Any statements provided that prove to be false or intentionally misleading shall be grounds for rejection of that contractor/sub-contractor.**

*** Asphalt paving contractor and all colorcoating surfacing contractor must be listed on the list of subcontractor form included with bid proposal as per 18A:18A-1, et.seq.**
