

CONTRACTOR/BIDDER QUALIFICATIONS

General Contractor/Bidder – The bidder shall be engaged in the construction of Synthetic Turf Fields as a primary business enterprise and shall demonstrate satisfactory completion in the construction of 10 Synthetic Turf Field Projects (minimum 70,000 square feet) within the last 5 years. Financial statements for the previous five (5) years must be made available upon request.

Synthetic Turf Site Work Contractor/Subcontractor - The contractor/sub-contractor, shall to the satisfaction of the design professional for this project, demonstrate a proven capability, specifically, in the construction of Synthetic Turf Site Work and have performed as required under General Contractor/Bidder requirements. This Contractor/Subcontractor is required to have been in business, under the present name a minimum of five years from the date of this bid. Upon request, financial statements for the previous five (5) years must be made available upon request.

Excavation And Aggregate Installation-All sub-base excavation and aggregate installation are to meet the tolerances of the American Sports Builders Association (ASBA) Guidelines and the National Federation of State High School Association (NFSHSA) requirements. It shall be the contractor's responsibility to demonstrate his/her ability to achieve all requirements concerning cross slope, longitudinal slope, planarity and compaction as outlined in the sub-surface technical data specification section.

The contractor/sub-contractor shall construct all excavation and aggregate layers utilizing equipment that is equipped with laser control and automatic slope control devices. The laser level that is used to control this work shall be recently calibrated and certified as to the accuracy of the instrument. The contractor/sub-contractor shall be required to furnish a report, from an independent Professional Engineer or Licensed Surveyor certifying that the installed sub-base for this project meets or exceeds the related guidelines and requirements for Synthetic Turf Construction as required per the specifications for this project.

The bidder is required to submit, with their bid, the name of project, owner and contact person for a minimum of ten completed Synthetic Turf Fields that they have installed in the five previous years. This shall be done on the Bidder's letterhead and attached to the bid sheet.

***Any statements provided that prove to be false or intentionally misleading shall be grounds for rejection of that bid package.**

*** The contractor must be pre-qualified with the NJDPMC classification CO-60 Athletic Courts/Fields/Tracks.**
